

Title

Showing incorrect amount due for single and monthly payments

Priority

High

Charges clients the incorrect amount, although a transaction may be reversible, it looks incompetent and any manual resolution would involve both clients (clubs) and potential members. This issue also blocks testing other cases which may have additional issues we need to identify and resolve to make a release.

I would correct this issue first.

Description

Given club membership costs

Choose how you'd like to pay your fee for **Pennine Harriers AC**.

☒ **One-off membership £35.00** Single payment for the season.

☐ **Monthly recurring £5.00 / month** Spread the cost across the year.

Make a single payment membership for 'Pennine Harriers AC' which should be £35

You're paying your membership fee for **Pennine Harriers AC**.

Membership	One-off
Amount due	£45.00

Make a monthly payment membership for 'Pennine Harriers AC' which should be £5

You're paying your membership fee for **Pennine Harriers AC**.

Membership	Monthly recurring
Amount due	£45.00 / month

The confirmation shows the same error so it looks like we charged the incorrect amount

Membership type	One-off
Fee	£45.00
Card	 4242

The cost displayed is £45 for all clubs and payments

I suspect the riverside monthly cost is applied to all club and payments
